Status

Completed Summer 2009

Portfolio

Original rear elevation

Overview

A combination of extensions and internal remodelling was required to increase and improve the level of accommodation of this character period dwelling.

A single storey orangery style rear extension provided much needed family space with plenty of natural daylight and a direct link to the garden amenity space.

The second storey rear extension over the study provided a master en-suite and dressing area. The flat roofed garage was also remodelled with a pitched roof in-keeping with the style of the original dwelling.

Roof lantern and bi-fold doors

Replicated character features
